EDUCATION

Bachelor's Of Technology In Information Technology (2026)

Currently pursuing at **JD College Of Engineering And Management Nagpur.**

Current CGPA: **8.79**

PROJECTS

Web Development Project - "DevTinder"

- Developed a full-stack developer matching application using the MERN stack.
- Implemented user authentication, profile creation, and matching algorithm for developers.
- Implemented **JWT authentication** for secure login/logout.
- Designed a REST API using Express.js and managed the database with MongoDB.
- Frontend is currently in progress with React.js and Tailwind CSS for a seamless user experience.
- Future improvements: Real-time chat – Integrate Socket.io for instant messaging between matched developers.

Netflix Frontend Clone(React.Js)

- Built a Netflix-like UI using React.js and Material-UI.
- Integrated Firebase Authentication for user signup/login
- Designed a fully responsive layout with modern UI frameworks
- Implemented dynamic UI components and optimized lazy loading for a smooth experience.

Music Academy (Next.js & Aceternity UI)

- Developed a modern and responsive music learning platform using Next.js.
- Designed the UI with Aceternity UI, ensuring a clean and intuitive experience.
- Designed a fully responsive layout with modern UI frameworks
- Focused on performance optimization and smooth user interactions.

TECHNICAL SKILLS

Language: C, Javascript, Typescript, Python.

Web Development: ReactJS, ExpressJS, NodeJS, Tailwind CSS, Nextjs.

Databases: MySQL, MongoDB, Firebase, PostgreSQL.

ACHIEVEMENTS

- MERN Full-Stack Development
- Cyber Security Virtual Internship
- Soft Skill Development (NPTEL)
- Maintained a **streak of 40+ days** on LeetCode
